

Schedule 40 PVC Conduit Stop-Coupling

National Pipe & Plastics' s Schedule 40 Stop-Couplings are fabricated with electrical conduit manufactured in accordance with NEMA TC-2 EPC-40*, from a PVC compound which meets and exceeds cell classification 12123 as defined in ASTM D1784.

Nominal Size	A		B	
	MIN.	MAX.	MIN.	MAX.
1 1/2	1.500	2.000	3.500	4.000
2	1.750	2.250	5.000	6.000
3	2.875	3.375	7.000	8.000
4	3.125	3.625	6.750	8.500
5	3.375	3.875	6.250	10.500
6	3.500	4.000	9.500	10.500

* NEMA TC2 Standard covers electrical polyvinyl chloride (PVC) conduit (EPC-40). The designation "40" refers to Schedule 40 respective of iron pipe dimensions.
